3. IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. If a majority protest is filed and not withdrawn by the property owners of the affected territory, or if a protest is filed by your Board or the County of Orange Board of Supervisors, adopt a resolution abandoning the proposed boundary change; or
2. If there is not a majority property owner protest, and neither your Board nor the County of Orange Board of Supervisors has adopted a protest against the boundary change:
 - a. Consider and approve the Chief Executive Officer's report on service, facility, and financial impacts and other issues related to the proposed County boundary changes; and approve any recommended conditions that should be imposed should the boundary change be approved; and
 - b. Instruct County Counsel to prepare the appropriate ordinance approving the boundary change, and to submit the proposed ordinance to the Board for adoption within 30 days.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The County of Orange has initiated a minor boundary change as outlined in Resolution No. 11-028 adopted by the Orange County Board of Supervisors on March 1, 2011 (Attachment I). In response to that action, the County of Los Angeles must adopt a resolution setting a public hearing on the proposed boundary change between the County of Los Angeles and County of Orange. The affected territory consists of 77.81 acres that includes 14 parcels (36.14 acres) located in the County of Orange that would be annexed to Los Angeles County, and 21 parcels (41.67 acres) located in Los Angeles County to be annexed to the County of Orange. In 2008, a study was initiated by the County of Orange to explore the feasibility of boundary line changes that included the contiguous borders between both counties. The result of this study indicated that several service area boundaries needed clarification, including the borders affecting the cities of Long Beach (County of Los Angeles), and Los Alamitos and Seal Beach (County of Orange).

At the request of Orange County Supervisor Moorlach, the County of Los Angeles was asked to participate in the boundary change process to: amend physical barriers created by the Los Coyotes Flood Control Channel; clarify jurisdictional boundaries; and distinguish service delivery boundaries and responsibilities amongst the affected cities. It is anticipated that concurrent with and subject to the proposed boundary change, the cities of Long Beach, Los Alamitos, and Seal Beach will seek Local Agency Formation Commission (LAFCO) approval to annex and/or detach the affected territories concurrent with the completion of this boundary line change process.

FISCAL IMPACT/FINANCING

These boundary changes would transfer real property and property taxes between one county to another, as well as between the respective cities. A fiscal analysis of the proposed boundary change will be provided at or before the public hearing.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Minor boundary changes between counties in the State of California are authorized and governed pursuant to sections 23200 to 23220 of the Government Code. The Board of Supervisors of any affected county may propose to change the boundary line between that county and another county. The minor boundary change procedure applies where, as here, the proposed boundary line change is not moved a distance of more than five miles from its original location, and where the proposed change would not reduce the area or the population of the affected counties by more than 5 percent.

The Government Code requires that when a Board of Supervisors receives a resolution from the Board of Supervisors of an adjacent county initiating a minor boundary change, that Board of Supervisors must adopt a resolution setting a date and time for a public hearing on the proposed boundary change and give the required notices of the hearing. The hearing date is required to be not less than 30 days, or more than 60 days after the date of adoption of the resolution setting the hearing. However, the hearing may be continued for up to 45 days.

At the public hearing, any person may appear and be heard, and any person desiring to protest against the proposal may file a written protest with the Board. As the affected territory is uninhabited as defined in the Government Code (less than 12 registered voters), however, only written protests by the affected counties or by the landowners in the affected territory will be tabulated to determine if the boundary change proceedings should be abandoned. At the conclusion of the hearing, the Board of Supervisors

conducting the hearing must adopt a resolution abandoning proceedings if protests have been filed and not withdrawn by 50 percent or more of the landowners who own more than 50 percent or more of the assessed value of the affected territory or a written protest is filed and not withdrawn by the Board of Supervisors of either affected county. If the proposed boundary adjustment is not abandoned, no later than 30 days after the conclusion of the public hearing, the Board of Supervisors of each county must adopt substantially similar ordinances approving the boundary adjustment.

Almost all of the territory affected by the proposed boundary changes is currently within the limits of the cities of Long Beach, in Los Angeles County, and Los Alamitos and Seal Beach in Orange County; 33.97 acres are proposed to be transferred from Seal Beach to Long Beach, 3.83 acres are proposed to be transferred from Long Beach to Seal Beach, 37.84 acres are proposed to be transferred from Long Beach to Los Alamitos, and 2.17 acres of unincorporated Orange County territory are proposed to be transferred to Long Beach. The respective cities will be initiating proceedings before their respective LAFCOs while the boundary change process proceeds concurrently, and will request that their LAFCOs condition their approvals subject to completion of the boundary change proceeding and concurrent recordation of all documents effectuating the boundary changes and city reorganizations. LAFCO will also need to address various special district boundaries impacted by this proposed county boundary change.

Unless the boundary change proceeding is abandoned after the public hearing, we expect to return to your Board with a negotiated tax transfer resolution for the LAFCO reorganizations when the proposed ordinance approving the boundary change is presented. Los Angeles LAFCO has agreed to waive all of its application fees for the proposed reorganizations.

County Counsel has approved the resolution as to form.

ENVIRONMENTAL DOCUMENTATION

Your Board's adoption of the attached resolution is a ministerial action required by statute that does not constitute a project under the California Environmental Quality Act (CEQA). If the proposed boundary change is not abandoned after the public hearing, we will return to your Board for consideration of an appropriate CEQA determination at the time an ordinance approving the boundary change is presented for your approval.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The impact on current County services will be analyzed and reported at or before the public hearing.

Agenda Item #48 – County Boundary Adjustment

CLERK OF THE BOARD OF SUPERVISORS
ORANGE COUNTY
BOARD OF SUPERVISORS

Explanation: Changes to the Background Information are made in red:

Background

In 2009, LAFCO held informational discussions with various Orange County and Los Angeles County cities and the County of Orange, along the Coyote Creek Flood Control Channel regarding potential boundary adjustments (see Boundary Report). The primary reason for exploring change is that these cities have territory that are only accessible through another jurisdiction (i.e. a neighboring city in the adjacent county).

The Cities of Seal Beach, Long Beach, and Los Alamitos (Cities) have decided to move forward and been working cooperatively with representatives from Los Angeles and Orange Counties and both LA and OC LAFCOs in considering adjusting the County boundaries and City limits to: (1) Recognize the physical barriers created by the Los Coyotes Flood Control Channels and the 605 Freeway; (2) Clarify jurisdictional boundaries; and (3) Distinguish service delivery boundaries and responsibilities. As a result, all Cities have agreed to proceed with boundary adjustment of various territory within their jurisdiction. In addition, Los Angeles County Supervisor Don Knabe fully supports the proposal.

The total area affected by the boundary adjustment is 77.81 acres, including 33.97 acres proposed to be transferred from Seal Beach to Long Beach, 3.83 acres proposed to be transferred from Long Beach to Seal Beach, 37.84 acres proposed to be transferred from Long Beach to Los Alamitos, and 2.17 acres proposed to be transferred from Orange County to the City of Long Beach. All affected territory is uninhabited. (There are some split residential lots in Los Alamitos that will be entirely in Orange County after the boundary adjustment.)

The proposed boundary changes are considered minor as they will not move the County line by more than five (5) miles from its original location nor will it reduce the area of either affected county by more than five (5) percent.

A detail summary of the adjustments is provided below (see Area Maps):

Area	Description	Acreage	OC Gain/Loss (+/-)	Area Moved from City/to City
1	Area includes a small portion of Long Beach Harbor (west side of rock jetty) and Khoury's Parking Lot	10.54	-	Seal Beach to Long Beach
2	Area includes bike path located along San Gabriel River channel north of Marina Drive bridge	1.05	-	<u>Seal Beach to Long Beach</u>
3	Area includes portion of Seal Beach Trailer Park and parking lot behind Oakwood Apartments and eastern edge of San Gabriel River	3.83	+	Long Beach to Seal Beach
4	Area along west edge of Hellman Ranch near Haynes Plant cooling water outfall	4.97	-	Seal Beach to Long Beach
5	College Estates Park area that includes tennis court, park area (unincorporated Orange County) and west side of the San Gabriel River channel	2.17 17.41	- -	County of Orange to Long Beach Seal Beach to Long Beach
6	Area includes vacant parcel east of flood control channel	36.53	+	Long Beach to Los Alamitos
7	Area includes Stansbury Park and rear portions of 5 residential parcels located along Toland Ave	1.31	+	Long Beach to Los Alamitos

41.67	+	Net Gain in OC Areas
<u>36.14</u>	-	Net Loss in OC Areas
77.81	Total Acreage	

Upon the Board's approval, a copy of the resolution will be sent to Los Angeles County Board of Supervisors for their required action to set a public hearing on the boundary adjustment. Additional items for your Honorable Board will include conducting a public hearing and adoption of an ordinance approving the proposed boundary change. It is anticipated that completion of this process will occur in Summer/Fall 2011.

CEQA Analysis:

This action is an annexation or reorganization of existing facilities and lots containing existing structures developed as allowed by the current zoning and is therefore exempt from CEQA as provided in CEQA Guidelines Section 15319 (see attached documentation).

**BOUNDARY CHANGE RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA**

March 1, 2010

WHEREAS, the Orange County Board of Supervisors is proposing, pursuant to Article 4 of Chapter 2 of Division 1 of Title 3 of the California Government Code, to make changes to seven (7) areas in the boundary line between the County of Orange and the County of Los Angeles so as to cause the transfer of land as depicted in Exhibit A from Los Angeles County to Orange County and from Orange County to Los Angeles County; and

WHEREAS, the proposal includes changes to the boundary line between the County of Orange and the County of Los Angeles. All proposals are linked and no proposal shall be effective until all proposals are effective. The two county ordinances shall state that they shall not become effective until every city change of organization is effective. Each city change of organization shall not become effective until all city changes of organization are recorded and the two county ordinances are effective.

WHEREAS, the total area affected by the proposed boundary adjustment is 77.81 acres, including 32.92 acres proposed to be transferred from Seal Beach to Long Beach, 4.88 acres proposed to be transferred from Long Beach to Seal Beach, 37.84 acres proposed to be transferred from Long Beach to Los Alamitos, and 2.17 acres proposed to be transferred from Orange County to the City of Long Beach; and

WHEREAS, the proposed boundary line changes will not result in any boundary line being moved more than five miles from its original location; and

WHEREAS, the proposed boundary line changes will not reduce the area of either Los Angeles or Orange County by more than five percent and does not include territory which is currently inhabited; and

WHEREAS, the proposed boundary line changes are being made pursuant to Government Code Section 23200 et seq.; and

WHEREAS, the affected territories in both Counties involved in the proposed boundary change are uninhabited; and

WHEREAS, the reasons for the proposal are to: provide for placement of territory into the boundaries of appropriate local agencies which can most easily regulate, administer and provide government services to the areas in a manner which will (1) recognize the physical barriers created by the Coyote Creek Channel, (2) clarify jurisdictional boundaries, and (3) distinguish service delivery boundaries and responsibilities and will allow for better service delivery and improved public safety.

WHEREAS, it is anticipated that the Local Agency Formation Committees of Los Angeles and Orange Counties will contemporaneously consider changes in organization by the cities of Seal Beach, Los Alamitos and Long Beach which will reflect the results of the changes in boundaries of the County of Los Angeles and the County of Orange.

NOW, THEREFORE, BE IT RESOLVED that the Orange County Board of Supervisors on behalf of the initiating County, the County of Orange, requests that the Los Angeles County Board of Supervisors take further proceedings pursuant to Government Code Section 23206 on behalf of the conducting County, the County of Los Angeles, in this matter as provided by law and that this Resolution be filed with the Board of Supervisors of Los Angeles County. The proposal is subject to the following terms and conditions:

1. An accurate and complete legal description of the proposed new boundary lines related to the affected territory will be prepared by the Los Angeles Local Agency Formation Commission (LA LAFCO) and submitted for inclusion in the ordinances required by Government Code Section 23210. LA LAFCO will perform or have performed a field survey and will monument the new County Boundary lines and file

a record of survey and with the concurrence of the Orange and Los Angeles County Surveyors.

2. The Counties of Orange and Los Angeles shall assert no claims of liability against one another for any defects or conditions that may exist at the time of the proposed boundary line changes become final with respect to each affected territory regarding matters affecting: (1) boundaries, surveys, maps and monuments; (2) property tax assessments, liens, and collections; (3) indexing and recordation of documents; (4) land use and zoning; (5) building standards and inspections; (6) police, fire, health and safety regulations and enforcement; and (7) geological and environmental conditions. The foregoing shall not apply to any claims or liability for any defects arising from the intentional or negligent tortuous conduct of the officers, agents and employees of either county occurring prior to the time the proposed boundary line changes become final.
3. Each county shall cooperate with the other as regards the duties imposed by California Government Code Sections 23211 through 23220, inclusive.
4. The County of Orange and the County of Los Angeles shall each waive any fee charges or other consideration related to the processing of the boundary change.

BE IT FURTHER RESOLVED that the Clerk of the Board is directed to notify the Assessor, Auditor-Controller and County Surveyor of Orange County of this action and to transmit a certified copy of this Resolution to the Board of Supervisors of the County of Los Angeles for further action in accordance herewith.
